Boldface type indicates feature articles.

Subject Index

ACCOUNTING,
Centralized punched card billing, 24.
Customer contributions as affecting basis for depreciation, 1001.
New accounting techniques can improve earnings, 957.

APPORTIONMENT,
State commissioners' views on cost allocations in gas industry, 699.

ATOMIC ENERGY,
Atomic power costs in the South, 402.
Canadian nuclear power, 267.
Chart—electric utility participation in nuclear power development, 402.
Developments in Washington, 30.
Gas utility interest in atomic research disclosed, 266.
Government and atomic science, 195.
Hanford nuclear plant, 182, 242, 313, 393, 409.
PG&E announces plans for big low-cost atomic power plant, 116.
President signs AEC bill, 614.
Private nuclear power bill in House, 244.
Publication—"Nuclear Experience Brochure," 554.
Publication—"Nuclear Reactors, Being Built, or Planned in the United States," 855.
Publication—"Questions and Answers on U. S. Atomic Energy Commission Access Permits," 413.
Publication—"Selected Reactors of the Power Reactor Demonstration Program," 781.

ATOMIC ENERGY—Cont'd
Sale of atom fuels proposed by AEC, 762.
State commissioners' views on nuclear energy in electric industry, 693.
U. S. orbits nuclear power source, 109.

BILLING,
Centralized punched card billing, 24.

CAPITAL,
See Return.

CARRIERS,
See Railroads; Transportation.

CERTIFICATES,
Circuit court upholds FPC's gas area price policy, 969.
Gas producers and the courts, 499.
Plan new natural gas pipeline, 676.

CHARTS,
Comparison of Columbia Gas index of industrial sales *versus* FRB index, 400.
December peak capabilities, peak loads, and gross margins—1948–1964, 844.
Electric utility participation in nuclear power development, 402.
Gas industry expansion, 116.
Industrial gas sales and underground gas storage, 324.
Natural gas reserves, 37.
Reduced long-distance telephone rates, 620.
Trends and yields of utility securities, 115, 254, 322, 683, 771, 911, 978.
Tri-Continental's growth utility story, 178.

COMMISSIONS,
See also Federal Communications Commission; Federal Power Commission.
Academic man as regulatory commissioner, 145.
Analysis of FCC membership, 828.
Chairman Moses on conflict of interest, 407.
Co-operation between state and federal commissions—state commissioners' views, 696.
President fills FPC and SEC vacancies, 613.
Procurement and training of commission personnel—state commissioners' views, 702.
Reorganization of federal commissions, 29, 103, 171.
State commissioners' views on regulatory streamlining, regulatory lag, nuclear energy in the electric industry, rates, regulatory procedure, service, legislation, activities of Washington office, corporate finance, engineering, telephone service problems, cost allocations in gas industry, progress of regulation, and procurement and training of commission personnel, 690.

COMMUNICATIONS,
See also Radio and Television; Telephones.
Army announces versatile communications units, 110.
Astronomers oppose earth girdle plan, 396.
AT&T-NASA sign space pact—President states policy, 246.
Communications equipment manufacturing, 627.
Congress adjourns after enacting communications bills, 615.
General Telephone's proposal, 764.
High-speed data transmission, 540.
Industry spends $182 million, 110.
Inflated dome protects Bell's space antenna, 680.
Kerr Bill would make space relays private business, 973.
Legislation of interest to the communications industry, 109.
Long-distance communications a real "growth industry," 622.
NASA chief forecasts long-range space program, 396.
Newspaper to be reproduced by facsimile, 35.
Nuclear war warning unit—compromise attempted, 972.
Post Office—government's largest enterprise, 587.
Project West Ford, 678, 838.
Publication—"Manual of Semiconductor Triodes and Diodes," 413.
Recent developments in communications, 618.

COMMUNICATIONS—Cont'd
Satellites for communication, 33, 174, 763, 765, 837, 906, 973, 979.
Senate announces additional space hearings, 539.
Speed-up of space communications urged by President, 108.
The little black box, 404.
U. S. offers to share space communications data, 975.
Words fly over the rainbow, 628.

COMPETITION,
See Private Enterprise.

CONGRESS,
See Legislation.

CONSOLIDATION, MERGER, AND SALE,
California-Pacific power merger, 42.
Capital Airlines disappears, 32.
Causes and problems of recent mergers, 479.
Common carrier mergers as means of strengthening in face of competition and regulation, 483.
Inherent right of owner to sell property, 637.
Necessity of commission consent for property transfer to municipality, 201.
Northeast Airlines merger uncertain, 675.
Railroad mergers and rehabilitation, 105.
Trucking mergers—toward greater public responsibility and utility, 487.

CONSTITUTIONAL LAW,
Federal-state conflicts and utility regulation, 729.

CO-OPERATIVES,
Tax exemption and the co-operatives, 192.

COST OF CAPITAL,
See Return.

DEPRECIATION,
Customer contributions as affecting basis for depreciation, 1001.

DIVIDENDS,
Chart—trends and yields of utility securities, 115, 254, 322, 683, 771, 911, 978.
Earnings and dividends—influence on common stock prices of hypothetical electric power company, 965.
Earnings and dividends—relationship and effect on common stock prices, 99.
Fractional shares—problem of handling, 673.
Table—data on electric utility stocks, 42, 182, 326, 547, 687, 845, 982.
Table—data on gas, telephone, water, and transit stocks, 117, 256, 404, 624, 772, 915.
Table—trends and yields of utility securities, 39, 181, 323, 621, 843.

EARNINGS,
See also Dividends; Finances; Return.
Chart—trends and yields of utility securities, 115, 254, 322, 683, 771, 911, 978.
Dividends and earnings—influence on common stock prices of hypothetical electric power company, 965.
Dividends and earnings—relationship and effect on common stock prices, 99.
Table—data on electric utility stocks, 42, 182, 326, 547, 687, 845, 982.
Table—data on gas, telephone, water, and transit stocks, 117, 256, 404, 624, 772, 915.
Table—trends and yields of utility securities, 39, 181, 323, 621, 843.

ECONOMICS,
Air-line industry—new economics, 230.
Current economic problems of regulated businesses, 369.
Long-distance communications a real "growth industry," 622.
Price-supply relationship measurement for natural gas, 1.
Status of power supply in Maine, 873.
Utility management must adjust financing concepts, 883.
Variable annuities and utility pension planning, 653.

EDUCATION,
Management course for independent telephone industry personnel, 580.
Rigging your own quiz programs, 817.
U. S. offers to share space communications data, 975.
Utility foundation program for professors, 662.

ELECTRICITY,
Anticipated growth rate for electric output for 1960–1964, 844.
Canadian take over of investor-owned utility, 991.
Chart—December peak capabilities, peak loads, and gross margins—1948–1964, 844.
Chart—electric utility participation in nuclear power development, 402.
Chart—Tri-Continental's growth utility story, 178.
Coal and electric statistics released, 677.
Colorado transmission lines, 761.
Earnings and dividends—influence on common stock prices of hypothetical electric power company, 965.
EEI's twenty-ninth annual convention, 45.
Electrical World's forecasts for 1960–1980, 623.
Electric stock prices, 770.
Electric utility stocks considered vulnerable marketwise by "Trus" Hyde, 840.
Federal Reserve indexes of industrial activity based on use of electricity, 398.
Fuel use in Pennsylvania electric industry, 923.

ELECTRICITY—Cont'd
Growth electric utilities—two important studies, 176.
Hanford nuclear plant, 186, 242, 313, 393, 409.
Japan's fuel and power industries, 120.
Map of principal electric transmission lines in 1970, 841.
Northwest intertie, 32.
Nuclear warning system conquered by government, utilities, 836.
Pennsylvania electric heating costs, 687.
PP&L dedicates steam plant, 261.
Public, private power "partnership" buried, 902.
Rapid increase in size and efficiency of big generating plants, 766.
Solar and electric powered automobiles, 306.
State commissioners' views on nuclear energy in electric industry, 693.
Status of power supply in Maine, 873.
Table—financial stock data, 42, 182, 326, 547, 687, 845, 982.
Transmission grid expenses upped by electric utilities, 839.

EXPENSES,
See also Depreciation.
Contributions for industrial and economic development, 273.
Dues as an operating expense, 345.
Prepayments on purchase contracts improve utility income, 155.

FEDERAL COMMUNICATIONS COMMISSION,
Analysis of membership, 828.
Reorganization plan, 29, 249, 395
Western Electric's profits examined, 243.

FEDERAL GOVERNMENT,
Antiutility GSA exemplifies Parkinson's Law, 256.
Chairman Moses on conflict of interest, 407.
Death of partnership statement qualified by Interior, 971.
Federal-state conflicts and utility regulation, 729.
Investor-owned utilities and government control, 122.
Nuclear warning system conquered by government, utilities, 836.
Post Office—government's largest enterprise, 587.

FEDERAL POWER COMMISSION,
Chairmanship problem, 169.
Chairman Swidler confirms FPC use of "area prices," 681.
Examiner rules commission cannot regulate stockholders' reports, 976.
Improving effectiveness of gas regulation, 508.
Kuykendall announces resignation, 759.
Morgan and Swidler endorse area gas rates, 775.

FEDERAL POWER COMMISSION —Cont'd
Natural gas regulation—Swidler speech, 988.
Nominations pass Senate, 31.
President fills vacancies, 613.
Swidler officially named to chair, 392.

FINANCES,
Big investment trust favors utilities in fair value states, 250.
Chart—trends and yields of utility securities, 115, 254, 322, 683, 771, 911, 978.
Common stock financing, 770.
Cost of debt for rate of return, 20.
Criteria of insurance company investors, 985.
Dividends and earnings—relationship and effect on common stock prices, 99.
Earnings and dividends—influence on common stock prices of hypothetical electric power company, 965.
Electric utility stocks considered vulnerable marketwise by "Trus" Hyde, 840.
FPC cannot regulate form and content of stockholders' report, 976.
Life insurance companies finance growth of gas industry, 544.
Mergers—underlying causes and problems encountered, 479.
New rôle for debentures in utility financing, 361.
Publication—"Long Term Financing," by John F. Childs, 111.
State commissioners' views on corporate finance, 696.
Table—data on electric utility stocks, 42, 182, 326, 547, 687, 845, 982.
Table—data on gas, telephone, water, and transit stocks, 117, 256, 404, 624, 772, 915.
Table—trends and yields of utility securities, 39, 181, 323, 621, 843.
U. S. utility security sales talks in Europe, 812.
Utility averages, 41.
Utility financing small in third quarter, 768.
Utility management must adjust financing concepts, 883.

FINANCING,
Debentures *versus* preferred stocks, 38.

GAS,
Air-conditioning sales—record year, 528.
Atomic research by gas utilities disclosed, 266.
Big stake in urban renewal, 519.
Chairman Swidler confirms FPC use of "area prices," 681.
Chart—comparison of Columbia Gas index of industrial sales *versus* FRB index, 400.
Chart—industrial gas sales and underground gas storage, 324.
Chart—industry expansion, 116.
Chart—natural gas reserves, 37.

GAS—Cont'd
Charts—from new issue of "Gas Facts," 543.
Circuit court upholds FPC's gas area price policy, 969.
Courts and the gas producers, 499.
FPC area price policy backed by AGA, 674.
Hearings on Gas Act amendments, 49.
Improving effectiveness of FPC gas regulation, 508.
Independent gas producer regulatory experiment, 749.
Life insurance companies finance growth of gas industry, 544.
Morgan and Swidler endorse area gas rates, 775.
Natural gas proportion of total energy expected to increase to 35 per cent, 982.
New horizons for the gas industry, 493.
Outlook and problems discussed by president of AGA, 36.
Plan new natural gas pipeline, 676.
Producer problems under the Natural Gas Act, 512.
Producer's viewpoint of gas regulation, 550.
Price-supply relationship measurement for natural gas, 1.
Publication—"Gas Data Book," 855.
Publication—"Gas Facts," 855.
Publication—"Historical Statistics of the Gas Industry," 855.
Republic Natural Gas may sell, 182.
State commissioners' views on cost allocations in gas industry, 699.
Statistics released by FPC, 534.
Swidler speaks on natural gas regulation, 988.
Table—financial stock data, 117, 256, 404, 624, 772, 915.
Ted Locke takes optimistic view of natural gas, 541.
Trends of utility extension and expansion in California, 945.
U. S. utility security sales talks in Europe, 812.
Washington, D.C., gas pipeline sought, 535.

GOVERNMENT POWER,
See Public Power; Water Power.

INDUSTRY,
Centralized punched card billing, 24.
Communications equipment manufacturing, 627.
Competition by public utility companies with nonutility business, 859.
Energy and public policy, 723.
Federal Reserve indexes of industrial activity based on use of electricity, 398.
Growth of telephone "salesmanship," 11.
Japan's fuel and power industries, 120.
Long-distance communications a real "growth industry," 622.

INDUSTRY—Cont'd
Maritime industry to receive assistance, 394.
New economics of the air-line industry, 230.
Railroads' four freedoms and regulation, 73.
Russian oil exports, 994.
Smog and air pollution control, 236.
Solar and electric powered automobiles, 306.
Technological utility developments promise future gains, 909.

INTERSTATE COMMERCE,
Federal-state conflicts and utility regulation, 729.

LABOR,
Bell attacks paper work, 160.
Employee publications and the utility industry, 185.
Mergers—underlying causes and problems encountered, 479.
Pageant of the telephone woman, 599.
Public utilities and people—within the workers, 801.
Regulatory questions raised by labor disputes, 931.
Talking to employees, 383.
Variable annuities and utility pension planning, 653.

LEGISLATION,
Anticrime law and the telephone, 611.
Approval likely for FCC reorganization bill, 395.
Bills in Congress, 105, 761.
Communications industry legislation, 109, 615.
Congress to get bill on project for communications satellites, 979.
Delaware Compact, AEC bill signed by President, 614.
FCC seeks TV legislation, 317.
Federal saline water conversion program, 104.
"Foot-in-the-door" legislation and the utilities, 741.
Gas Act amendments hearings, 49.
Hanford nuclear plant, 186, 242, 313, 393, 409.
House passes water compact, 316.
Kerr Bill would make space relays private business, 973.
Maritime industry to receive assistance, 394.
President asks for Delaware pact changes, 316.
Private nuclear power bill in House, 244.
Reorganization bills passed, 535.
Senate hears testimony on fuels policy, 124.
Senate passes FCC reorganization bill, 249.
State commissioners' views on legislation, 695.

LEGISLATION—Cont'd
Status of power supply in Maine, 873.
Tax on telephone service, 107.
Transmission network funds in public works bill, 537.
Water resources bill, 391.

MANAGEMENT,
Bell attacks paper work, 160.
Chairman Moses on conflict of interest, 407.
Management course for independent telephone industry personnel, 580.
Managerial discretion as to rate structures, 129.
Operation in depth—a management tool, 329.
Public utilities and people—within the workers, 801.
Smog and air pollution control, 236.
Talking to employees, 383.
Utility management must adjust financing concepts, 883.

MERCHANDISING,
Communications equipment manufacturing, 627.
Record year for gas air-conditioning sales, 528.

MONOPOLY,
AT&T counters monopoly charge, 320.
Competition by public utility companies with nonutility business, 859.
Control of price competition in the transportation industry, 464.
Justice department looks into AT&T operations, 318.
Post Office—government's largest enterprise, 587.

MUNICIPALITIES,
Gas has big stake in urban renewal, 519.
Necessity of commission consent for property transfer to municipality, 201.
Trends of utility extension and expansion in California, 945.
Urban Affairs Bureau moves, 31.

NATURAL GAS,
See Gas.

NEWS ITEMS,
March of Events, 56, 125, 197, 269, 341, 414, 555, 634, 703, 782, 856, 928, 998.

POLITICS,
"Foot-in-the-door" legislation and the utilities, 741.

PRIVATE ENTERPRISE,
Canadian take over of investor-owned utility, 991.
Competition by public utility companies with nonutility business, 859.
Death of partnership statement qualified by Interior, 971.
Government control and investor-owned utilities, 122.

PRIVATE ENTERPRISE—Cont'd
Kerr Bill would make space relays private business, 973.
Pope John speaks on private ownership, 264.
Private utilities offer power to government, 834.
Railroads' four freedoms and regulations, 73.

PROCEDURE,
State commissioners' views on regulatory procedure, 694.

PROGRESS OF REGULATION,
Review of current cases, 60, 131, 203, 276, 348, 419, 560, 638, 708, 787, 861, 934, 1003.
Trends and topics, 59, 129, 201, 273, 345, 417, 557, 637, 707, 785, 859, 931, 1001.

PUBLICATIONS,
"Broadcasting and Government: Responsibilities and Regulations," 781.
"Gas Data Book," 855.
"Gas Facts," 855.
"Historical Statistics of the Gas Industry," 855.
"Long Term Financing," by John F. Childs, 111.
"Manual of Semiconductor Triodes and Diodes," 413.
"Nuclear Experience Brochure," 554.
"Nuclear Reactors, Being Built, or Planned in the United States," 855.
"Questions and Answers on U.S. Atomic Energy Commission Access Permits," 413.
"Selected Reactors of the Power Reactor Demonstration Program," 781.
Wall street brochures, 253, 685, 981.

PUBLIC POWER,
Claim Interior Department power rates too low, 904.
Colorado transmission lines, 761.
Death of partnership statement qualified by Interior, 971.
Government reports deficit in Columbia basin project, 972.
Mueller new reclamation power head, 106.
President asks for Delaware pact changes, 316.
Private, public power "partnership" buried, 902.
Private utilities offer power to government, 834.
Status of power supply in Maine, 873.

PUBLIC RELATIONS,
Community relations, 89.
Employee publications and the utility industry, 185.
Public utilities and people—within the workers, 801.
Rigging your own quiz programs, 817.

PUBLIC RELATIONS—Cont'd
Smog and air pollution control, 236.
Talking to employees, 383.
Utility foundation program for professors, 662.

RADIO AND TELEVISION,
FCC seeks TV legislation, 317.
Presidential advisers endorse "Project West Ford," 678.
Publication—"Broadcasting and Government: Responsibilities and Regulations," 781.

RAILROADS,
Common carrier mergers as means of strengthening in face of competition and regulation, 483.
Four freedoms and regulation, 73.
Mergers and rehabilitation of railroads, 105.
New England railroads, 918.
New Haven bankruptcy trustees named, 245.
Passenger business resumed by railroad, 920.
Passenger losses still a serious problem, 251.
Piggyback operations and competitive rates, 473.
Problems for air and rail carriers, 903.
Regulation of railroads, 452.
Reproduction cost as a basis for ad valorem railroad taxation, 667.

RATE BASE,
Customer contributions as affecting basis for depreciation, 1001.
Just and reasonable rates *versus* the rate base, 297.
Omission of rate base determination, 707.
Relationship between rate base and "just and reasonable rates," 217.
Reproduction cost as a basis for ad valorem railroad taxation, 667.
State commissioners' views on valuation, 700.
Trending rates to predict charges, 945.

RATES,
AGA backs FPC area price policy, 674.
Chairman Swidler confirms FPC use of "area prices," 681.
Chart—reduced long-distance telephone rates, 620.
Circuit court upholds FPC's gas area price policy, 969.
Danger of FPC use of "10 to 10½ per cent return of equity" as a rate yardstick, 682.
FCC orders adjustments of AT&T and Western Union rates, 173.
FCC rate plan criticized, 765.
Field prices for gas producer rates—objections raised by courts, 499.
Future hopes do not justify present confiscation, 59.

RATES—Cont'd
Independent gas producer regulatory experiment, 749.
Indiana tolls disputed by Bell-General, 908.
Interest on refund of overcharges, 557.
Managerial discretion as to rate structures, 129.
Pipeline rate case backlog still very heavy, 977.
Price-supply relationship measuring for natural gas, 1.
Railroad piggyback operations and competitive rates, 473.
Rate base *versus* "just and reasonable rates," 297.
Relationship between rate base and "just and reasonable rates," 217.
Right to conjunctional billing under plan for gradual elimination of practice, 785.
State commissioners' views on public utility rates, 693.
Swidler and Morgan endorse area gas rates, 775.
Trending rates to predict charges, 945.
TVA announces electricity rate cut, 170.

REGULATION,
Administrative Conference of the United States, 435.
American Bar Association, Public Utility Law Section—speeches and reports, 433.
Circuit court upholds FPC's gas area price policy, 969.
Common carrier mergers as means of strengthening in face of competition and regulation, 483.
Diversification of ownership in the regulated industries, 456.
Economic problems of regulated businesses, 369.
Federal-state conflicts and utility regulation, 729.
Gas producers and the courts, 499.
Improving effectiveness of FPC gas regulation, 508.
Independent gas producer regulatory experiment, 749.
Investor-owned utility regulation—viewpoint of state official, 893.
Liquid methane gas—regulation, 337.
Producer's viewpoint of gas regulation, 550.
Purposes of regulation explained, 848.
Railroads' four freedoms and regulations, 73.
Regulatory lag—state commissioners' views, 692.
Report hits federal regulation, 995.
Revitalization of the administrative process, 447.
State commissioners' views on problems of regulatory commission engineers, 697.
State commissioners' views on progress of regulation of public utilities, 700.

REGULATION—Cont'd
State commissioners' views on regulatory streamlining, 691.
Summary of the Standing Committee's report for 1961, Public Utility Law Section, ABA, 433.
Swidler speaks on natural gas regulation, 983.
Talks on utility companies at NYSSA forums, 325.

REGULATORY TRENDS,
See Trends and Topics.

REPARATION,
Interest on refund of overcharges, 557.

RETURN,
Cost of debt for rate of return, 20.
Danger of FPC use of "10 to 10½ per cent return of equity" as a rate yardstick, 682.
Future hopes do not justify present confiscation, 59.
Risk as affecting return allowance, 417.

REVENUES,
New accounting techniques to improve earnings, 957.
Performance from profits and vice versa, 289.
Prepayments on purchase contracts improve utility income, 155.

RURAL ELECTRIFICATION ADMINISTRATION,
Approach to rural development, 194.
Co-op loses fight for exemption from income taxes, 905.
Electric power loan requirements spelled out, 970.
Secretary Udall expounds rural electrification needs, 196.
Telephone engineers hear about REA, 974.

SECURITIES,
Big investment trust favors utilities in fair value states, 250.
Chart—trends and yields of utility securities, 115, 254, 322, 683, 771, 911, 978.
Chart—Tri-Continental's growth utility story, 178.
Common stock financing, 770.
Commonwealth Edison replacing preferred stock with debentures, 915.
Debentures *versus* preferred stocks, 38.
Dividends and earnings—relationship and effect on common stock prices, 99.
Earnings and dividends—influence on common stock prices of hypothetical electric power company, 965.
Electric stock prices, 770.
Electric utility stocks considered vulnerable marketwise by "Trus" Hyde, 840.
Expropriation of British Columbia electric depresses Canadian utility stocks, 324.

SECURITIES—Cont'd
Fractional shares—problem of handling, 673.
Growth electric utilities—two important studies, 176.
Long-distance communications a real "growth industry," 622.
New rôle for debentures in utility financing, 361.
Table—data on electric utility stocks, 42, 182, 326, 547, 687, 845, 982.
Table—data on gas, telephone, water, and transit stocks, 117, 256, 404, 624, 772, 915.
Table—trends and yields of utility securities, 39, 181, 323, 621, 843.
U. S. utility security sales talks in Europe, 812.
Utility offerings, 40, 180, 252, 401, 622, 768, 842, 980.

SERVICE,
Community relations for public utilities, 89.
Mergers—underlying causes and problems encountered, 479.
Performance from profits and vice versa, 289.
State commissioners' views on service, facilities, and safety of operation, 694.
Trends of utility extension and expansion in California, 945.

STRIKES,
See Labor.

TABLES,
Data on electric utility stocks, 42, 182, 326, 547, 687, 845, 982.
Data on gas, telephone, water, and transit utility stocks, 117, 256, 404, 624, 772, 915.
Trends and yields of utility securities, 39, 181, 323, 621, 843.
Utility security offerings, 113, 180, 252, 769.

TAXES,
Co-operative and tax exemption, 192.
Co-op loses fight for exemption from income taxes, 905.
Phone tax to continue, 107.
Railroads' four freedoms and regulations, 73.
Reproduction cost as a basis for ad valorem railroad taxation, 667.

TELEPHONES,
Anticrime law and the telephone, 611.
Bell and Western Electric forecast future, 617.
Bell attacks paper work, 160.
Chart—reduced long-distance telephone rates, 620.
Congress hits phone monitoring in government, 612.
Direct Moscow-Washington telephone link, 540.

TELEPHONES—Cont'd
Engineers hear about REA, 974.
FCC looks into Western Electric's profits, 243.
FCC orders adjustments of AT&T and Western Union rates, 173.
FCC rate plan criticized, 765.
Federal control of phones during crisis urged, 397.
Florida goes 100 per cent dial, 594.
General Telephone appoints new capital officer, 109.
Government telephone progress in Norway, 633.
Helicopter builds lines thirty times faster, 539.
HEW bans telephone monitoring, 679.
Independent telephony—outlook for 1962, 573.
Indiana tolls disputed by Bell-General, 908.
Justice Department looks into AT&T operations, 318.
Management course for independent telephone industry personnel, 580.
Midyear review of telephone industry, 538.
Monopoly charge countered by AT&T, 320.
Morse coding device to be marketed by Bell system, 249.
New transatlantic cable work to start in 1962, 539.
New York Telephone Association convention, 331.
Pageant of the telephone woman, 599.
Salesmanship in the telephone industry, 11.
Satellite plans pushed by AT&T, 320.
State commissioners' views on new telephone service problems, 698.
Table—financial stock data, 118, 257, 405, 625, 773, 916.
Tax to continue, 107.
Trends of utility extension and expansion in California, 945.
Underwater telephone system produced for the Navy, 679.
Unique night plan offered, 174.
Western Union to offer private wire services, 317.

TELEVISION,
See Radio and Television.

TENNESSEE VALLEY AUTHORITY,
Claim Interior Department power rates too low, 904.
Electricity rate cut announced, 170.

TRANSPORTATION,
See also Railroads.
CAB clears chalk on transit bid, 106.
Capital Airlines disappears, 32.
Common carrier mergers as means of strengthening in face of competition and regulation, 483.

TRANSPORTATION—Cont'd
Control of price competition in the transportation industry, 464.
Modern rapid transit for San Francisco, 631.
New economics of the air-line industry, 230.
Northeast Airlines merger now uncertain, 675.
Problems of air and rail carriers, 903.
Railroad piggyback operations and competitive rates, 473.
Solar and electric powered automobiles, 306.
Table—financial stock data, 118, 257, 405, 625, 773, 916.
Trends of utility extension in expansion in California, 945.
Trucking mergers—toward greater public responsibility and utility, 487.
Washington transit agency to start program, 676.

TRENDS AND TOPICS,
Competition by public utility companies with nonutility business, 859.
Contributions for industrial and economic development, 273.
Customer contributions as affecting basis for depreciation, 1001.
Dues as an operating expense, 345.
Future hopes do not justify present confiscation, 59.
Inherent right of owner to sell property, 637.
Interest on refund of overcharges, 557.
Labor disputes raise regulatory questions, 931.
Managerial discretion as to rate structures, 129.

TRENDS AND TOPICS—Cont'd
Necessity of commission consent for property transfer to municipality, 201.
Omission of rate base determination, 707.
Right to conjunctional billing under plan for gradual elimination of practice, 785.
Risk as affecting return allowance, 417.

VALUATION,
See Rate Base.

WATER,
Federal saline water conversion program, 104.
House passes water compact, 316.
Hurricane disaster area offered saline plant water, 613.
Public utility law precedents set by water company cases, 851.
Table—financial stock data, 118, 257, 405, 625, 773, 916.
Trends of utility extension in expansion in California, 945.

WATER POWER,
See also Public Power.
Army engineers report on Delaware River Basin, 259.
Death of partnership statement qualified by Interior, 971.
Delaware Compact bill signed by President, 614.
Japan's fuel and power industries, 120.
Private utilities offer power to government, 834.
Public, private power "partnership" buried, 902.
Status of power supply in Maine, 873.
Water resources bill, 391.
